**Intent of this Proposal:**

This Request for Proposal (RFP) is intended to provide vendors with a common, uniform set of specifications to assist them in the development of their bids and to provide a uniform method for the bidding agency to fairly evaluate bids and subsequently select a vendor from which to purchase these ambulances.

The following specification describes the new ambulance that is expected to be acquired by the Crisp County BOC. The specification describes the needs of this purchase as far as chassis configuration and module body design. State of the art vehicle is required. However, manufacturers that utilize prototype equipment will not be considered. The builder's manufacturing history shall be supported by documentation where applicable, and by the reference section within this specification. The benchmark for the initial configuration of this ambulance shall be the current KKK Federal Specification for Ambulances, Ambulance Manufacturers Division Standards, Federal D.O.T specifications and/or regulations, applicable NFPA Standards, all State of Georgia Emergency Medical Services and Georgia Bureau of Labor Standards rules, laws and standards. However, most requirements in this specification exceed the federal specifications because of the specific needs of this purchaser. Please note that the following specifications represent minimum general terms or requirements. While it is not the intent of this purchaser to preclude any qualified bidder from submitting a proposal, it must be clear that any bidder deviating in any substantial manner from these specifications will be rejected as being non-compliant.

In responding to this RFP, bidders should follow the prescribed format and use the forms included, thus providing the Crisp County BOC with data that is easily compared with data submitted by other bidders in order to fairly and objectively evaluate the proposal.

Each bid shall be accompanied by a set of "Contractor's Specifications" consisting of a detailed description of the unit and equipment proposed and to which the unit furnished under contract must conform. These specifications shall indicate size, type, model, and make of all components, parts and equipment. Drawings including dimensions showing the unit as proposed in the bid shall be submitted with the bid documents.

**INSTRUCTIONS FOR BIDDERS**

This specification establishes standards for the design, construction and performance of one (1) Type I Diesel Modular Ambulance. The completed vehicle and components must comply with the current version of Federal Specification KKK-A-1822F unless specifically requested otherwise in the following document. As the criteria for compliance with KKK-A-1822F are well established, this document will not contain redundant references to their content.

Proposals will only be considered from companies that have an established reputation in the field of ambulance construction. Preference shall be given to ambulance manufacturers who employ Ambulance Manufacturers Division (AMO) standards in the construction of their ambulances.

Proposals received shall be evaluated by the Crisp County BOC and the Crisp County EMS Department. This evaluation will be based on, but not limited to, completeness of proposal, exceptions, price, and delivery schedule.

**Proposals taking total exception to these specifications will not be accepted.**

Any exception to the provisions in these specifications must be marked in the body of this document and itemized on a separate attached page(s) titled EXCEPTIONS.

Proposals not following this format shall not be considered.

**NO EXCEPTIONS TO THIS SECTION.**

Failure to deliver any part of the order to the terms required may be considered by Crisp County BOC as a breach of contract. In such case the vehicle and equipment may be rejected.

When submitting their Bid Proposal, Bidders must **return three (3) copies** of all pages of these specifications as part of the Bid Proposal as it will form the Contract between the Contractor and the Crisp County BOC. Caution should be taken by the Bidder that all questions are answered in the spaces provided and that all information requested is provided.

It is the Bidder's responsibility to be familiar with all federal, state, and local laws, ordinances, codes, and regulations concerning the submission of this bid and the work it effects. Ignorance of said enactments shall not relieve the Bidder of responsibility to comply or complete the bid work.

The vehicles shall, at the time of delivery, conform to the minimum requirements of the latest standards covering vehicles of this type. This shall include federal, state and local requirements.

In the event the bidder represents more than one ambulance manufacturer meeting the manufacturer requirements outline herein, then the bidder shall "only" bid the highest quality vehicle that the bidder represents. Under no circumstances will multiple bids from the same bidder on different manufacturers be accepted.

Should a bidder submit two or more bids representing more than one manufacturer, then all bids submitted by that bidder will be rejected as being non-complaint with the requirements of this specification. The Crisp County BOC is seeking quality equipment. Bidders are asked to bid only the product of the highest level of quality represented by that bidder.

Is this requirement understood and met? Yes\_      No      Bidder's initials:\_\_\_

**TYPE OF BIDS TO BE SUBMITTED**

The information requested within the bid must be furnished in full. Any bidder not completing this proposal or not furnishing any required information will not be considered. If a bidder will not furnish a material or fabrication process exactly as described in this specification, the difference must be designated in the list of exceptions.

If a substitution is being proposed, then the bidder must note the section to which the alternative is being proposed and provide technical data, supported by an engineer, supporting the fact that the substitute is equal to or better than the item as specified. If this data is not submitted with the bid, then the bid shall be rejected as being non-compliant. Bidder added narrative describing a substitution as being clarification, exceeding, being equal to, etc. will not be accepted. Statements such as these, with or without the technical data described in this section, will cause the bid to be rejected as being noncompliant.

Crisp County BOC reserves the right to require samples of any deviating material to be provided for evaluation.

Does the bidder comply with these requirements? Yes\_      No\_

**WARRANTY**

The proposal shall include all warranties that are required in the following detailed specifications. The minimum acceptable warranty periods are noted below. In the blank lines the bidder shall note the terms of the warranty that apply to the manufacturer being proposed. Each bidder will be required to submit their own warranty coverage's, simply checking and filling in the blanks below will not be tolerated and will be grounds for rejection.

Bidding Agency shall provide a minimum Limited Warranty on the vehicle conversion, which covers defective parts and/or components, improper choice of materials, parts and/or components, improper design or engineering and poor or improper workmanship or quality control techniques. This warranty shall cover the complete vehicles, exclusive of the chassis, and shall include any and all costs for labor and parts or materials required to correct deficiencies. It is not the intent of this requirement that items such as light bulbs, or equipment installed in or on the vehicles which are covered by their own separate and specific warranty statements, be included in this warranty.

State the General warranty terms you are bidding:

Length \_\_\_\_\_ Mileage \_\_\_\_\_

Since it is the purpose of these specifications to provide for a modular body that will offer many years of service, the Manufacturer of the vehicles bid shall warranty the structural modular body of the unit. This warranty shall be in writing and shall be included with the Bid Proposal. Bidders who fail to meet this requirement shall not be considered responsive.

State the Structural warranty terms you are bidding:

Length \_\_\_\_\_ Mileage \_\_\_\_\_

There shall be an electrical warranty provided on the ambulance conversion electrical system. The warranty shall cover all conversion circuit boards, harnesses, switches, circuit breakers, and relays.

State the Electrical warranty terms you are bidding:

Length \_\_\_\_\_ Mileage Limitations \_\_\_\_\_

A paint warranty shall be provided on the paint and its application. A copy of the painter's warranty statement shall be included with this Bid Proposal. All warranties shall begin at the acceptance of the vehicles by the Crisp County BOC/EMS Department. NOTE: Manufacturers must be PPG Certified or show that their paint process is totally certified by the paint manufacturer's representatives. You must provide an updated paint certification facility certificate with this bid.

State the Paint warranty terms you are bidding:

Length \_\_\_\_\_ Mileage \_\_\_\_\_

For verification of the completed warranty terms stated above the bidder must include printed manufacturer's warranty certificates that meet or exceed the minimum required periods stated below.

Are the manufacturers warranties included? Yes\_\_\_ No\_\_\_

*All warranties shall be from the manufacturer as opposed to a distributor or service center. This is necessary for the protection of the Crisp County BOC, and to guarantee a certain known level of service and warranty - NO EXCEPTIONS*

Does the bidder conform to the above-written section? Yes No\_\_\_

Bidder shall initial that this section is understood and has been answered truthfully. Initials:\_\_\_

Note: Bidders, who are found to be untruthful in this, or in any other section of this bid, will have their bid automatically rejected.

### **PRODUCT LIABILITY INSURANCE**

Proof of current liability insurance shall be supplied. The proof of insurance shall bear the insurance carrier's name, address and phone number. The proof shall also bear the name and address of the ensured. This document shall contain the coverage schedule, explaining the type of insurance, the policy number, the effective date of coverage, the policy expiration date and the individual limits. The minimum amount of coverage shall be as follows.

Commercial General Liability - Aggregate policy limit of one million dollars.

Automotive Liability - Any Hired and Non-Owned Autos  
Combined Single Limits of One million dollars.

Disease policy: limit of five hundred thousand dollars.  
Disease - Each Employee: limit of five hundred thousand dollars.

Excessive/Umbrella Liability -

Each Occurrence: limit of six million dollars Automotive

Damage, Physical Liability Damage

Since these specifications describe emergency vehicles that may be used under adverse conditions, this agency seeks to reduce its future liability exposure. Therefore, all bidders responding to these specifications shall submit a proper and verifiable Certificate of Insurance. This shall certify that the Manufacturer of the bid vehicles has in force, Product Liability insurance in the *minimum* amount of six million dollars (\$6,000,000.00). This insurance shall have been issued by a Company rated "A+" as reported in the current edition of Best's Key Rating Guide, published by Alfred M. Best Company, Inc.

The amount of Product Liability must be adhered to by both manufacturer and dealer, who will be providing the bid. Utilizing the ambulance manufacturer's insurance will be acceptable if the bidder is an authorized dealer. However, if the purchase order is made out to the dealer, then the dealer will be required to have the specified insurance.

Bidders failing to submit proof of the above requirement cannot be accepted and their Bid Proposal will be rejected.

Does Your Bid Comply? ( ) YES ( ) NO

The bidding agency has concerns with bidders not having the completed unit built by the manufacturer. With that said, the bidding agency will not accept units that are not built and completed at the manufacturer's facility.

This will eliminate split responsibility into service, warranty repairs. Add-on equipment shall be furnished by the manufacturer and not their representatives, to avoid warranty issues. If the bidder makes any claim to adding equipment at the dealership, then your bid will be considered non-responsive and rejected. NO EXCEPTION.

Does the bidder comply with this requirement? Yes\_ No\_

It is the intent of this agency to have the vehicles completed and ready for service once it leaves the ambulance manufacturer's facility. NO EXCEPTIONS.

Does Your Bid Comply? ( ) YES ( ) NO

All equipment furnished shall be guaranteed to be new and of current manufacture; meet all requirements of this specification; and be in proper operating condition at the time of delivery. All parts shall be of high-quality workmanship and construction.

No part or attachment shall be substituted or applied contrary to the manufacturer's recommendations and standard practices.

Does Your Bid Comply? ( ) YES ( ) NO

**ANTI-COLLUSION STATEMENT**

By signing this proposal, the bidder agrees that his bid is made without any understanding, agreement, or connection with any other person, firm or corporation making a bid for the same purpose and that his bid is in all respect fair and without collusion or fraud.
